

NEWS - 2020 - NO. 10

Retractable Belt Scraper for Use at the Pulley

With polyurethane scraper blades

With tungsten carbide scraper blades

STARCLEAN® RS - Retractable Side Service

You already know our STARCLEAN® RS for use below the belt?

STARCLEAN® RS is also available as belt cleaner for use at the pulley. Together they are the best belt cleaning team for your conveyor.

Here's an overview of some advantages:

- ◆ *Easy, quick and safe maintenance from outside the transfer chute*
- ◆ *Safe blade change by extracting each scraper blade laterally*
- ◆ *Minimal lateral space requirement*
- ◆ *Suitable for reversible operations*
